Andrew McGuckin

Graduate Software Developer

I recently graduated and I am excited to start my career in tech. My hobbies include technology, music and travelling. I enjoy working with others on new exciting projects whilst developing my knowledge by undertaking my own projects.

💼 Work Experience

Customer Service Assistant
Sprinkle Tops

July 2018 - Present

I have gained lots of experience and skills during my time working at Sprinkle Tops.
- Opening and closing of the shop with key holder responsibilities.
- General cleaning and organizing of the shop shelves.
- Managing stock levels for demand and updating online menus to reflect availability.
- Working with other team members to fulfil multiple online orders by grouping orders by location to reduce delivery times and save fuel.
- Advising customers of allergen information and any extras that can be added to products on their order.
- Working flexibly including swapping shifts with other staff members at short notice.
